## Grand Jury Returns 20 Indictments; Finds Crime on Decrease; Asks Citizens to Help Officers in Enforcing Laws; Report in Full

Following is the full report of the Grand Jury in session at Elba last week:

In Circuit Court, Elba, Ala., April 30, 1925.  
To the Hon. J. S. Williams, Judge Presiding, Twelfth Judicial Circuit:

We, the Grand Jury, empaneled by your Honor, respectfully report as follows:

We have had presented to us 68 different matters for investigation, and we have made careful inquiry into the same. We return herewith 20 indictments, 3 being for felonies and 17 for misdemeanors.

We are pleased to state that the criminal situation in this Division appears to have improved, especially of crimes of a serious nature, as is evidenced by the small number of indictments returned for felonies. Many of the cases presented are for offenses that we have deemed the evidence not sufficient to justify the return of indictments. In some cases we have not been able to secure the witnesses desired, and these we have indicated on our docket and we ask that they may be continued. Witnesses from some portions of the county appear loath to give testimony, and in some instances we think that outside influences have prevented witnesses from testifying truthfully. It behooves the good citizens of the county to be vigilant and give information to the officers specially charged with the enforcement of the law of all violations coming to their knowledge. By the working together of the officers and citizens crime could be and would be practically wiped out from our midst.

We appointed certain Committees of our body to do certain work, and each committee has submitted to our body a report, and we have adopted these reports and attach them hereto and make them a part of this report. See Exhibits A, B, C, D, and E.

We examined the dockets of the several Justices of the Peace of this Division and find some of them well kept, but there could be improvement in the keeping of some of them. We have called their attention to the several sections of the present Code bearing on their duties, and the method of keeping their dockets, and we hope that at the next meeting of the Grand Jury that all of their dockets will be in good shape. We note that Mr. A. B. Wise, Justice of the Peace of Beat 1, though having but few cases on his docket has collected and turned over to the County Treasurer since January 1st, \$115.00 in fines.

We desire to thank your Honor for the helpful charge delivered us, the Sheriff and his Deputies, the Solicitor, Clerk of the Court and our Bailiff, for their aid in our deliberations, and now having completed our labors we ask to be recessed.

R. L. COOPER, Foreman.

**EXHIBIT "A."**  
To the Foreman of the Grand Jury:

We, the Committee appointed to inquire into the condition of the roads, report that we have made inquiries along this line, and find that generally speaking the roads in the SE district are in fine condition, those in the NE district in fair condition, those in the South-west district have been improved, and those in the North-west district are in poor condition, many of the roads it appears have not been worked, and the bridges are in poor condition.

**EXHIBIT "B."**  
To the Honorable Grand Jury in Regular Session Assembled:

We, the committee appointed from your number to investigate the needs and conditions of the County Jail, and the different offices in the court house, beg leave to report as follows:

We first visited the County Jail and found the same in good condition and neatly kept. The jail now contains four prisoners who seem to be satisfied with conditions therein. We would recommend that they be given the advantages of barber work, as some of them need hair cuts. We also recommend that the jail be screened and the health of the prisoners and the keeper of the jail demand it.

We next visited the offices of the Court House and find in each of them that the records appear to be neatly and accurately kept, indexed so that any proceeding can be easily traced and the officers anxious to place the records at our disposal for examination. We would recommend that there are some broken panes in the different windows which need attention, also shades are needed in the Sheriff's office and in the Clerk's office. We think these matters should be taken care of in order that the records therein may be better protected.

L. F. Price, Chess Grant, W. C. Jernigan, Committee.

**EXHIBIT "C."**  
We, the undersigned appointed as a committee to investigate the Records of the Probate Judge and Tax Collectors and Assessors Offices offer the following report, namely:

That we have investigated the records as far as within our power with this length of time. We find the same neatly and correctly kept and in good order. Signed:

W. A. Prescott, S. D. Grimes, T. J. Crocker, Committee.

**EXHIBIT "D."**  
We, the committee appointed to examine records and papers of the County Treasurer, Clerk of Circuit Court, Register of Circuit Court and Supt. of Education, report as follows:

We find that each officer is giving his whole attention to his books, that they are getting success and pleasure out of their work by making it the most important thing in the world. By doing this their books are neatly kept.

J. D. Smith, W. M. Clark, C. P. Lee, Committee.

**EXHIBIT "E."**  
We, your committee appointed to inspect the County Almshouse, desire to submit the following:

We find everything in good condition. There are 13 inmates in the Home being cared for by the County, and they state they are well satisfied with their treatment. Mr. W. D. Prescott is the keeper of the almshouse, and looks after them and feeds them. Recently some repairs have been made by the county authorities. A new addition has been added to the almshouse.

The roof of the old building needs some repairs and it might be best to put on a new roof. The old building is being painted. We are pleased to report that we have found most satisfactory conditions.

Jack G. Clark, Committee.

## K. OF P. LODGE IS REORGANIZED; PUT ON ACTIVE LIST.

Riverside Lodge No. 156, Knights of Pythias, has been reorganized, and put on the active list again. Mr. Joe King Stanley, representing the Grand Lodge of Alabama, spent Monday here in getting everything lined up for the reorganization, and on Monday night made all the legal transactions which place the Lodge on the active list again.

For the past few years Riverside has been inactive, although it still held its charter. The purpose of reorganization is to put new life and pep into the Lodge, so that it can go forward with the work which should and can be done here. No local order can progress without the cooperation of its membership. The local lodge starts off with a membership of twenty-eight, and there are many more who will return to the ranks within the next few weeks.

The officers elected for the present term, cannot by themselves make the local lodge thrive, but with the help and cooperation of the other members, a new high record can be made. Riverside was once classed as one of the best in the State. Do the Knights of Elba want the Lodge to attain this mark again? Your answer will be your attendance at the regular meetings of the lodge. The next regular meeting will be held on next Monday night, May 11, at the hall in the Page building. Make your plans to be present. The officers need you to help carry out the work ahead.

Following are the officers chosen for the present term:

V. C.—Claude Clark, Prelate—J. W. English, M. of W.—W. T. Whitman, M. of E.—C. S. Allred, M. of F. and K. R. and S.—J. W. Blocker, M. at A.—Fred Folsom, I. G.—George Collier, O. G.—J. E. Wilson.

Representative to Grand Lodge—J. C. Mays. Alternate—J. W. Blocker. The time of meeting was changed, and in the future the regular meetings will be held on the second and fourth Monday nights in each month. The annual session of the Grand Lodge will be held in Montgomery on Wednesday and Thursday, May 20 and 21. This will be one of the most important sessions in the history of the order. The first unit of the Pythian Home will be dedicated on Wednesday afternoon, and a large attendance is expected at these ceremonies.

## THE WAY IT IS.

The following has been given to us for publication, and we run it without comment. Everybody knows Clarence McCarthy, hence we do not have to comment. This little "how-to" was posted in a public place at Elba the first of the week, under the heading given above. Just read it:

A reel, a hook,  
A creek, a pool,  
A rill, a brook,  
A fly, a cast,  
A strike, a splash,

## Fine Club Rally Held at Enterprise; Boys to Meet in Elba Saturday Morning, May 9th; Farm Bureau To Meet Wednesday, May 13.

Early members of the cotton and pig clubs met in the County Agent's office at Enterprise last Saturday afternoon and gave reports as to the progress of their work. Most of the boys had fairly good stands of cotton and have fertilized very heavily. Special instructions were given the boys in keeping records, cultivation, fertilizing, etc. Twenty-four pigs were listed for sale by members of the 1924 pig club. These pigs will be brought to Enterprise next Saturday afternoon and vaccinated by Dr. Heath after which they will be offered by the boys for sale. May 16th is the date set for first delivery of pigs to new club members. We will meet in the morning at Elba and in the afternoon at Enterprise at which time we hope to put out about forty gilts grown by the club boys of last year, these gilts averaging 40 pounds in weight at eight and ten weeks old. All to be double immunized against cholera.

The principle feature of our meeting at Enterprise Saturday afternoon was the attendance of our bankers, Mr. J. L. Warren and Mr. L. H. Sessions, who gave the boys short talks of encouragement in their club work, specially commending the pig club work as a good business for every boy to get into, and urging that they stick to it and not give up when discouragements come. At the close of the meeting a photograph was taken of the Enterprise Club on the steps of the courthouse.

## Boys Club Rally at Elba Next Saturday.

We will hold a similar meeting of the boys clubs at Elba next Saturday morning, May 9, and we urge that all members of the cotton and pig clubs in that division of the county make a special effort to attend. We would also be glad to have members of the club boys attend this meeting with their boys. We hope to have our good banker friends at Elba with us in this meeting and show them by a good large delegation in attendance how the boys club work has grown since last year. These boys are preparing exhibits for the Fair next fall and since the people of Elba manifested so great an interest in the boys work last December when they had their pigs on exhibit we feel like providing a real show this coming fall in which over a hundred boys from all parts of the county will exhibit their cotton and hogs.

We especially invite all farmers who have not yet enrolled as farm bureau members to attend these meetings. We feel that we can be of some assistance to you and it is our desire to help every farmer in Coffee County in every way we can. The meeting at Elba will be called promptly at ten o'clock and at Enterprise at two o'clock.

Work on the excavation for the pool is going forward rapidly, and every effort will be made to have the pool ready for use by the last of this month. The grounds are being cleared, and plans are to make this one of the nicest places in this section.

**Brooklyn News.**  
As we haven't seen any news from this community, we decided we would write and see if we could escape the waste basket.  
The farmers of this section seem to be disheartened because of the dry weather, but we can offer this encouragement: "Every cloud has a silver lining."  
Mr. R. L. Andress' family visited Mr. and Mrs. J. W. Andress Saturday night.  
Little Clark and James Compton visited their grand parents, Mr. and Mrs. W. E. Clark the last week.  
Mr. Orell Mount spent Saturday night with Mr. Ernest Metcalf of County Line.  
Miss Amy Jones and Mr. Orell Mount attended church at Sweet Water Sunday.  
We are sorry to tell of Mr. Paul Bailey's misfortune. His house and barn were destroyed by fire last Friday.  
Mrs. Susie Deal's mother and sister are spending some time with her.  
Misses Gertrude Daughtry, Clara and Leola Boyd visited Miss Corrine Williams Thursday afternoon.  
Miss Odell Jones spent Saturday night with Miss Beuna Harrison.  
Misses Mary Lee and Cora Barfoot attended singing at Rhoades School House Sunday morning.  
We are proud of our Sunday School, which is progressing. Much interest is manifested by both young and old.  
Singing at Brooklyn was not as well attended Sunday afternoon as usual, but we intend to sing on, and we invite all singers to be with us every first Sunday afternoon.  
Best wishes to The Clipper and its many readers.

Next Sunday is Mother's Day. The world is blessed in having mothers of men. Human life has been so ordered that motherly care and devotion have been imbedded, deeply and increasingly, in human experience. The blessings of all ages be on faithful mothers to help them in their daily tasks, that they may have due honor from their children.  
While walking thru a crowded down town street the other day, I heard a little urchin to his companion turn and say: "Sav, Jimmy, let me tell youse, I'd be as happy as a clam if I only was de feller dat my mudder tinks I am."  
"Gee, Jim, she tinks dat I'm a wonder, and she knows her little lad."  
Could never mix wi' nothin' dat was ugly, mean or bad. Lots of times I sits and tinks how nice 'twould be, gee whizz.  
If a feller was only de feller dat his mudder tinks he is, "My friends, let me tell youse, I'd be as happy as a clam if I only was de feller dat my mudder tinks I am."  
You still can learn a lesson from this untold boy.  
Don't aim to be an earth saint with your eyes fixed on a star.  
Just try to be the fellow that your mother tinks you are."  
We should be glad to see you at the special Mothers' Day service next Sunday, and come with a flower in your coat lapel. Special music.

**Vetch Demonstration on L. F. Young Farm**  
Is Well Attended; Improved Machinery Exhibited; Club Boys Have Fine Meeting Here

Over forty farmers in the western part of the county met Wednesday afternoon, May 6, on the farm of L. F. Young, Elba, Route 4, where we gave a demonstration in plowing with a field of hairy vetch with a Fordson tractor.  
Mr. Young planted his vetch in December and in spite of a bad stand and extremely dry weather this spring has a creditable growth of vetch. Mr. Young owns a tractor and a Allis double disc plow, and his son gave a splendid demonstration in the use of this machinery on extremely hard ground. Immediately following the plow a disc harrow crushed all the clods and made a perfect seed bed. After the vetch and tractor demonstration the riding cultivator was demonstrated in the cultivation of cotton.  
Mr. Young is one of the few farmers in Coffee County using improved farm machinery and reports splendid success and full satisfaction from all kinds in use on his farm.  
**Cotton and Pig Club Meeting**  
At Elba Saturday Morning Well Attended.  
About twenty-five boys together with a number of their parents held a club meeting in the courthouse at Elba Saturday morning and discussed plans for their work after a report had been given by each boy of what he had done and the progress he was making.  
All the cotton club members reported the use of 400 pounds of acid phosphate mixed with 100 pounds muriate of potash and 50 pounds of nitrate of soda applied before planting, to be followed with 150 pounds of soda immediately after the cotton was chopped.  
The pigs to the new members will be distributed this month and the first of June.
